### ***Special Children's Programs on Good Friday***

What is good about Good Friday? Most adults, much less kids, can't give a good reason why the day Jesus Christ died is considered a good day. Living Waters Lutheran Church of Lino Lakes is offering a novel way for children and families to deepen their understanding of Good Friday. Families with small children (toddlers, preschoolers, or young school-age children) are encouraged to attend a unique worship service they can learn from and enjoy. It's called, Children's Good Friday, and begins at 10:30 a.m. in the church's chapel. The service will only be about a half hour long and will include children's songs and stories with an interactive interpretation of the cross for the smallest worshipers. Adults and children will learn the basics of Good Friday.

Another opportunity will come later on Good Friday, geared for older school-aged children and their families. Immediately before the church's Good Friday worship service, senior pastor Kathryn Tiede will introduce the significance of Good Friday. She will explain why this day is the most important date of the Christian calendar year in terms children will understand and appreciate. Pastor Kathryn will explain the basics of what is happening in the Good Friday service and what worshipers can expect from that time of prayer. The introduction will run from 6:40 to 6:55 p.m. with a five-minute break before the 7 p.m. worship service.

Both events are open to the community and free of cost or obligation. Living Waters Church is located at 865 Birch Street. Easter Sunday worship services is also open to the public at 8:30 and 11 a.m. Children will be excited to participate in an Easter egg hunt to be held between the two worship services. There is no charge to participate. For
